NIRVANA

Step into a world where art breathes through walls.

Nirvana is a celebration of freedom, colour, and soul – a vivid journey into the mindscape of designer Krsna Mehta, known for his ability to weave India's heritage into a language of modern design. Every wallcovering in this collection feels alive – layered with emotion, drenched in detail, and inspired by the rhythm of nature and human expression.

This is not mere décor. It's storytelling on walls – from serene botanicals that calm the senses to bold cultural motifs that ignite imagination. The hues flow like poetry; the textures speak in whispers. Nirvana transforms spaces into sanctuaries of joy and self-expression.

Perfect for those who seek design with depth – art that doesn't just decorate, but resonates.

Design Philosophy

In Krsna's world, contradictions coexist beautifully – tradition meets abstraction, stillness meets energy, and colour becomes a medium of meditation. Nirvana invites you to find balance between chaos and calm, making every wall a reflection of one's inner harmony.
