## NIRVANA

### **Step into a world where art breathes through walls.**

Nirvana is a celebration of freedom, colour, and soul – a vivid journey into the mindscape of designer Krsnaa Mehta, known for his ability to weave India's heritage into a language of modern design. Every wallcovering in this collection feels alive—layered with emotion, drenched in detail, and inspired by the rhythm of nature and human expression.

This is not mere décor. It's storytelling on walls – from serene botanicals that calm the senses to bold cultural motifs that ignite imagination. The hues flow like poetry; the textures speak in whispers. Nirvana transforms spaces into sanctuaries of joy and self-expression.

Perfect for those who seek design with depth – art that doesn't just decorate, but resonates.

### **Design Philosophy**

In Krsnaa's world, contradictions coexist beautifully – tradition meets abstraction, stillness meets energy, and colour becomes a medium of meditation. Nirvana invites you to find balance between chaos and calm, making every wall a reflection of one's inner harmony.
