Certified for a Greener Tomorrow

At Marshalls Design Studio, sustainability isn't just a commitment—it's a standard we uphold in every product we offer. We're proud to feature globally recognized certifications that reflect our focus on health, safety, sustainability and environmental responsibility:

Our products are certified for reduced environmental impact. The ECOLOGO® certification ensures that our products meet stringent, highly-scientific environmental performance standards.

We care about indoor air quality. GREENGUARD® Gold certification means our products are rigorously tested to ensure low chemical emissions, making them safe for homes, schools, and healthcare environments.

Efficient energy performance. ENERGY STAR® certified solutions contribute to lower energy usage and reduced carbon footprint—making our products stay forward-thinking.

It helps identify products that meet comprehensive environmental criteria across their lifecycle—from design to end-of-life. It's a mark of conscientious innovation.

ORGANIC

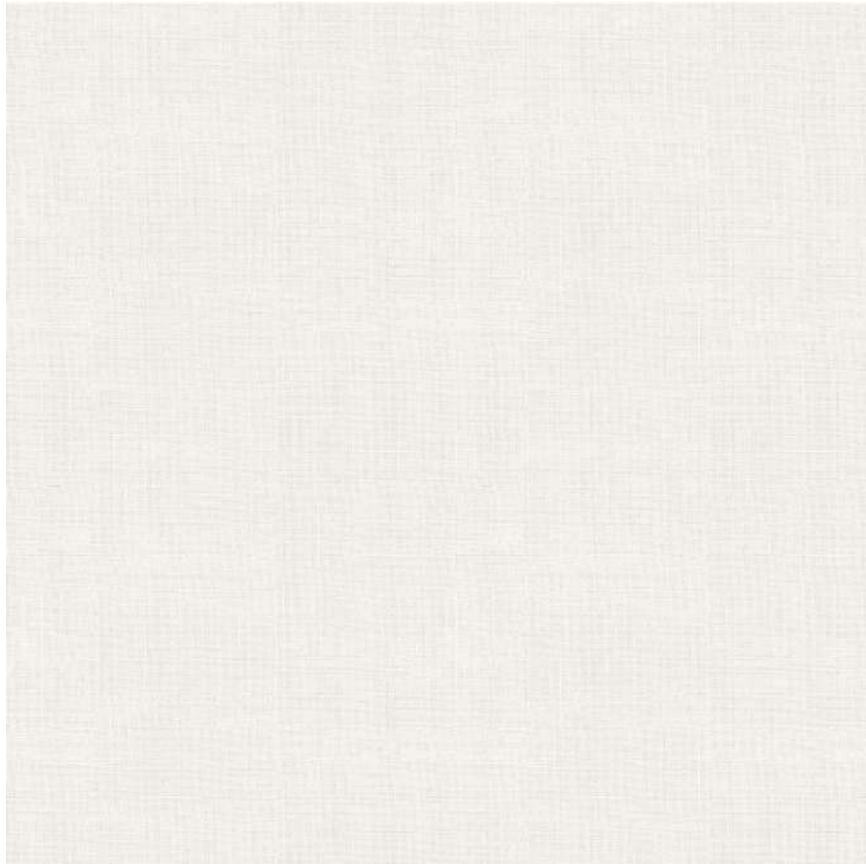

—from Nature's Palette to Your Walls—

Welcome to Organic – a thoughtfully curated wallcovering collection where the serenity of nature meets the precision of modern digital craftsmanship. Each design in this collection is inspired by the effortless beauty of the natural world – soft textures, flowing forms, and earthy palettes – reimagined through the lens of contemporary technology.

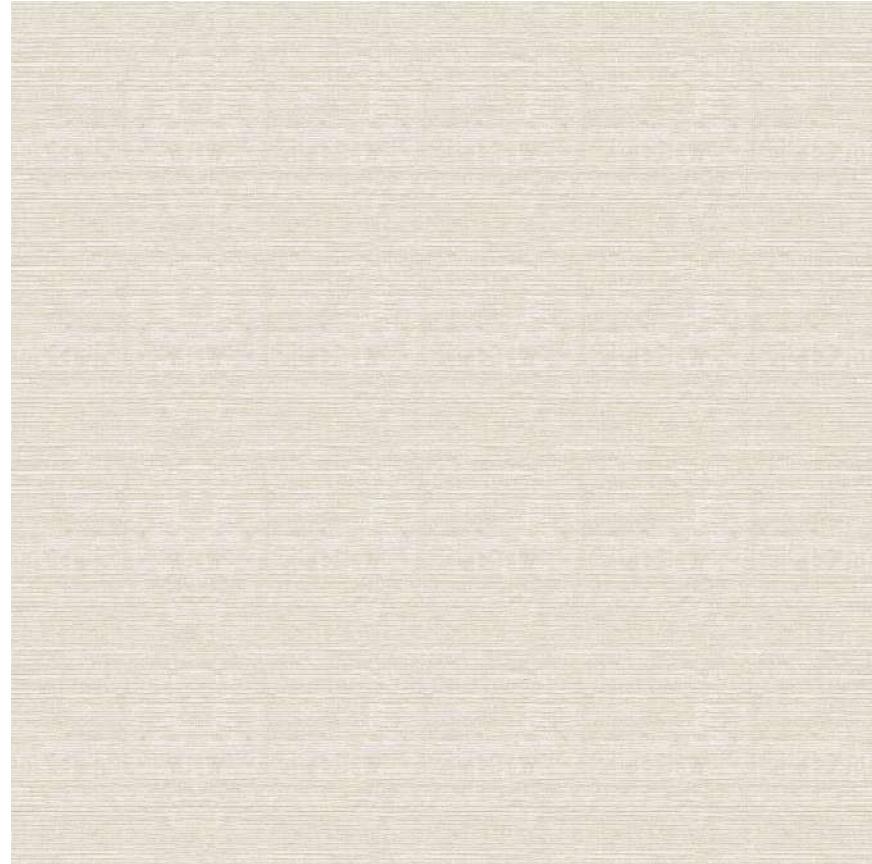

Organic is a curated collection of digitally manufactured textured wallcoverings that brings the quiet elegance of nature into modern interiors. Inspired by organic forms, raw surfaces, and natural imperfections, each design captures the essence of earth-inspired textures – redefined with precision and depth.

Every pattern in this collection is crafted to be felt as much as it is seen. Through advanced digital techniques, we transform subtle grains, woven layers, and handcrafted textures into sophisticated wall coverings that elevate spaces with warmth, authenticity, and character. Rooted in natural beauty and brought to life through technology.

Organic is a celebration of tactile design – for walls that speak in texture, tone, and timeless style.
