Sanskriti is the foundation of every human existence; it is the string that is constantly binding our generations together. It's our heritage that is preserving the essence of our ancestors and keeping their art alive. Art that expresses a pure form of human emotion with the help of designs, patterns, animals, and structure.

Presenting Marshalls 'Sanskriti Collection', designs inspired by our generational art. Wallcoverings that give your walls an essence of the tribal art, Royal India structures, and many more authentic Indian cultural elements. It is a collection of designs amalgamating the various cultures across India.

Aiming to preserve our rich Indian 'Sanskriti' and teleporting our heritage art into your modern homes.
